

## 12V, 2 Amps SMPS

### Product Description

Over load cut off & recovery. Short circuit and over voltage shutdown protection. Input over & under voltage protection. Thermal shut down protection and recovery

The SMPS is a fully regulated switch mode power supply providing 12 Volts DC at 2 Amps. The high frequency action enables it to work smoothly on a very wide AC input voltage range from 90 to 280 Volts with comparatively low power losses, high efficiency small size and lesser weight. Application: For 6 IR Camera up to 24 Led.
